Division of Psychiatry & Applied Psychology

Project Title: *The social understanding of mental health crises in dementia*

Researcher: *Alessandro Bosco, Alessandro.bosco@nottingham.ac.uk*

Supervisor: *Professor Martin Orrell, m.orrell@nottingham.ac.uk*

Ethics Reference Number: *0259*

Thank you for taking part in this discussion forum. By posting your answer you automatically agree to take part in this study exploring the experience of health care for the management of dementia symptoms. In addition, you confirm the following:

- You have read and understood the Participant Information.
- You agree to take part in this discussion forum about your experience of the health care you receive for dementia symptoms.
- You know how to contact the researcher if you have questions about this study.
- You understand that you are free to withdraw from the study without giving a reason.
- You understand that you will not be asked to provide any personal information at any stage during your involvement. Your comments will be rephrased by the researcher for research reports and publications, as to make sure that no one, except the researcher, will know that the comments were yours.
- You give permission for your data from this study to be analysed and when rephrased, shared with other researchers in the future provided that your anonymity is protected.
- You confirm that you are 50 years old or over.
